THE MEMORIAL SERMON.

Delivered to Gregg Post, No. 95 G. A. R., and Company B.

SUNDAY MORNING MAY 24, 1903

In the United Brethren Church by Rev. Thomas W. Perks, Pastor —The Church Beautifully Decorated for the Occasion.

THERE WAS A LARGE ATTENDANCE

The annual Memorial sermon to Gregg Post, No. 95 G. A. R., and Company B, was delivered in the United Brethren church Sunday morning by its pastor, Rev. Thomas W. Perks. There was a large audience present and the church was beautifully decorated for the occasion with flags and bunting. A portrait of Pennsylvania's war governor, Andrew G. Curtin was placed on the wall just above the pulpit and beautiful flowers added their fragrance to the event.

The music by the choir was unusually fine, a special feature being a duett by Miss Sadie Bayard and her brother, Roger T. Bayard, entitled "Beautiful Isle of Somewhere."

Rev. Perks took for his text Joshua 4th chapter 7th verse "Then ye shall answer them, that the waters of Jordon were cut off before the ark of the covenant of the Lord; when it passed over Jordon; the waters of Jordon were cut off; and these stones shall be a memorial unto the children of Israel forever.

Religion and Patriotism are interwoven like a fabric, destroy the one and you destroy the other. It is eminently proper that a religious festivity should antecede Memorial Day.

From time immemorial nations have had special times and occasion to inculcate lessons of gratitude and patriotism.

The old ancient Jewish nation were under the specific orders of God to erect a memorial to his mighty deeds, so that children's children may inquire and learn the acts of the Almighty. It is most fitting that some distined day of recognition be observed to perpetuate the memory of heroes who struggled and suffered not for themselves but for unborn generations.

I am sure that while we pay our debt of gratitude to man we also pay our gratitude to God, I think no one will assume to say that God is eliminated from the achievements and triumphs of our army whether it be in the Continental Rebellion or the Spanish American war, God has surely blazed his name on the pages of our National life, to eliminate His name would make us a spectacle to the world.

At this period of our National life we can look upon the scene as enacted during the years '61 to '65 with an impassion view and in a measure feel our debt to the men who wrought so well for us.

There are always two epochs in every individual and National life. The initial and the terminal. The roar of cannon on that fateful day of April 12, 1861 echoed o'er hill and vale creating a current of patriotism that swept over the North and brought into bloody conflict right against wrong. But for this madden attack it is probable that the war would not have occurred at the precise time it did, though it would have culminated during the past century.

If the North and South had understood each other before as they did after the boys in Blue and Gray had shown their heroism on many a battlefield the election of Abraham Lincoln would not have precipitated war.

This day brings us to a place in our National life when we are in a contemplative mood. Scenes apparently forgotten rush like a panoramic vision before us. We are glad to accord you a distinct place in our affections. The place you occupy was won by the bloody scars which are your birthmarks to the place and position which is unique.

As the years roll on your lines are being depleted and there is only a representation of Gideons faithful band left.

Time is making vast ravages in your midst, once you were strong and could endure hardship, then the battle smoke became your native air, but time is fleeting and ere long you who saved others will not be able to save yourselves. The same sad yet loving duty you have performed for others must be done for you. There will be the silent tramping of feet the hushed voice, but while time shall last with us as a Nation we will entwine the Stars and Stripes over your graves and let it revel in the breeze as a token of our lasting gratitude.

Would that I may entreat you to be lovers of the "Man of Galilee" that life ending might be the beginning of eternal glory to you all.

We are rich today because you bravely dared. Not only did you liberate the negro but set a pace for the American citizen. Few of us know what it is to stand under the deadly fire, the heaven blackened with lead and smoke. Because of this it could not be otherwise but that some lasting memorial should be erected to perpetuate your deeds. The large portion of names will not be known to succeeding generations, but the deeds wrought will live and you can rest assured that your forgotten names will be mentioned as heroes in the war of '61 to '65.

In eulogizing individuals, much may be said that might be questioned, so it may be true of you as individuals, there may be many things in your life that you would rather have unsaid, but your acts in connection with the awful conflict can not be over estimated. To much praise can not be given to you. We are not jealous of the soldiers honor.

This memorial is yours, won amid the rattling of muskets and the flashing of the blood dipped steel. We lay upon ourselves a pledge sealed by the martyrs blood to tell to succeeding ages the triumphs of your heroism.

Our flowers can find no sweeter use than to cover your graves with their perfume. It is a holy thing for us to lay tribute to nature beauties to bedeck your graves, yet it is equally true that we owe you more than mere post mortem affection. We owe a living affection and appreciation. It is a sad fact to chronicle that thousands of your comrades have never received any recognition from the government. We can not pay our debt to the man who fought for us by the periodical practice of scattering flowers upon their graves. As a Nation we act like many individuals put thorns in your pathway and buy flowers for your grave. The wise man says "A live dog is better than a dead lion". So a tangible expression of gratitude now is worth to you more than all the eulogies and flowers that the nations can bring during the ages.

Our portion is infinitely better than they could have been without the War. It is better vastly better to be a citizen of these United States than to have worn a uniform in '61. The shackles of slavery were broken off for ever on this continent. The shame can never be repeated, your heroism has given stimulas and courage to every free man. Duty is always imperative and exacting, thank God you rushed to our rescue as a Nation otherwise we should have been rent in twain.

It is the peculiar glory that you fought not for yourselves but for others. The highest and noblest spirit is "That a man lay down his life for another".

Within the bosom of every free man there is a repulsiveness to tyranny and when goarded to the point of desperation spurns the iron heel.

"Wrestle with o'er mastering fate
And smiles at the drawn dagger."

Let one assault your home and he must settle the question with you, I wish to take a little departure from that assumed by orators and speakers as a rule, I know you will not envy the debt of gratitude I desire to place at the graves and hearts of the thousands of women who made you the fighters you were.

I believe we have been woefully neglectful of the heroic women who bore excruciating pain to part with their loved ones. Mother and wife bore more real pain than sons or husbands. Left in loneliness and grief no stimulating sound of comrade or music of band to lighten her heart, no but silently she must bear the great sorrows alone

Oftimes mere existence was a fearful thing, while it is true husband and sons rushed into the fury of the fray and lived on slight food, yet, with it all there were comrades. But here were noble women who must keep home together, rear the children with no one to aid or assist.

Do you not think it fitting that I pay them a long standing debt of gratitude. They made you heroes and patriots.

Who were the stimulating force that made you face death unflinchingly, the dear ones at home. A love of Country is a holy thing, but deeper is the love of "Home, Home sweet home, there is no friend like Jesus and no place like home." It nerves the arm of the patriot, puts courage in his heart and affection in his soul, defense of home makes the timid brave. Any man with the least instinct of fatherly or brotherly affection would rather dew the ground with his hearts blood than see his loved ones in the

HIGH SCHOOL GRADUATES

Listen to Baccalaureate Sermon Sunday Evening.

IN ST. JOHN'S EPISCOPAL CHURCH

Delivered by Rev. George Isreal Brown Rector of that Church— Valuable Thoughts Beautifully Expressed.

A SYNOPSIS OF THE SERMON

St John's Protestant Episcopal church was crowded to the doors Sunday evening to listen to the Baccalaureate sermon delivered by Rev. George Israel Brown to the graduating class of the Bellefonte High school. Every seat was taken and many were compelled to stand through the entire service.

The large choir was augmented for this occasion by singers from other choirs in town and the music rendered proved inspiring.

Everyone was anxious to see the young graduates as they filed into church following the minister and choir and they presented the appearance of as fine a body of young men and women as ever went forth from this school.

We regret that space will not permit us to publish Rev. Brown's sermon in full, for it contained many beautiful thoughts and words of good advice that cannot fail but be a power for good to all who heard them. It was one of Rev. Brown's best efforts.

We below give a brief outline of his sermon.

Text—18th verse 4th chapter 2nd Cor. "We look not on thing that are seen but on the things that are not seen; for the things that are seen are temporal but the things which are not seen are eternal."

Their is the spirtual law in which everything that has value in human life meets, science, philosphy and religion. He went on to speak of the awful responsibility of speaking to young people on the threshold of life about spiritual issues. Which was evidently desired in asking for a baccalaureate sermon. He gave a history of the word baccalaureate and found in it suggestions of an open door for the advance of mind, heart and soul. He charged them to aim at nothing but the best in life and spoke of one means of doing this, by acquaintance with classic literature, mentioning their recent studies in English classics, Milton and Shakespeare. He used the high authority of Emerson, the centenuary of whose birth is now being celebrated throughout the country, for charging them to make all books their servants and not their masters. To claim the same kingly right of original and creative thinking and feeling. He spoke of the Bible being the treasure of the highest ideals of mankind, instead of an armory for Sectarian arguments. He pointed out, that in their motto "all for each and each for all" they had placed their finger upon the one key which would unlock and solve the social problems of this generation, the conflict between labor and capital. For the motto indicates the spiritual essence of the brotherhood of mankind which in turn is founded on Christ's great law of love.

He then ask permission to speak on an Ecclesiastical problem and began by charging them very earnestly to be loyal to their own christian churches to which their love was due, but urged them not to forget the wider vision of a United Christendom waging the warfare of a common Lord and Saviour.

Then referring to the text "that the things that are not seen are eternal" he pointed out that high inspiration for all the beauty and truth which are embodied in all the creation of God, and that when men recognize that all crested things silently sing his praise, they reach the goal of their destiny when they consciously join in this vast chorus of worship, praising God from whom all blessings flow.

The annual contest of the Junior class of the Bellefonte High school for the Reynolds prize was held in Petrikin Hall Monday evening and as usual on such occasions was largely attended, almost every seat being occupied. At just 8:15 the curtains were rolled back disclosing a very pretty stage picture. Seated in a semicircle were the young contestants ten in number. At the left of the stage was seated the Prinicipal of the High school Prof. John D. Meyer and beside him Rev. John Wood, pastor of the Methodist Episcopal Church.

The stage was handsomely decorated with flags, bunting, beautiful flowers and potted plants in the rear and draped over the stage was a large American flag which hung like a canopy over the young orators. Over the front of the stage were the colors of the class of 1904.

The exercises were opened by prayer by Rev. Wood, after which Prof. Meyer introduced the different speakers of the evening. It would take to long to go into detail in regard to each speaker but suffice it is to say that each and every one acquitted themselves well, and the judges had a hard time to decide between them.

The judges on this occasion were Prof. John H. Frizzell of State College, Rev. A. C. Lathrope, of Milesburg and Prof. William P. Wharton of State College. At the close of the exercises the judges retired and while the orchestra was rendering some music decided who the lucky ones were who should receive the prize. In a few minutes they returned and Prof. Frizzell, of State College, ascended the platform and made the announcement. They were unanimous in their decision. Awarding the first prize to Charles Donachy and the second to Miss Laura C. Faxon.

The prizes are ten and five dollars respectively and are the gift of Col. W. Fred Reynolds.

The music for this event was furnished by Christy Smith's orchestra and as usual was of extraordinary merit. The program was as follows:

Helen G. Ceader—A Violin Fantasy.
A. Gussie Smith—The Bible Legend of the Wissahickon.
Edith N. Graham—Briar Rose.
G. Harry Wion—Columbian Oration.
Music.
Laura C. Faxon—Ole Mistis.
Bernice M. Shuey—Standish's Encounter with the Indians.
Lillian M. Walker—The Fiddle Told.
Music.
Charles A. Donachy—The Vengeance of the flag.
Florence E. Lowry—My little Newsboy.
H. Elizabeth Brouse—The Witch.

MEMORIAL DAY.

Emanuel Noll, Commander of Gregg Post, Issues His Orders for Saturday.

Time in its never-ending flight brings to us once more Memorial Day, with all its hallowed memories, awakening anew recollections of the days when "war waged wide desolation." when brave men met in fierce conflict on many a bloody field of battle, each conscious of the justice of his cause, and offered their lives in defence of the Union,

"Tall and sinewy and strong, as Earth's
First kings, the Argo's gallant sailors
Heroes in history and gods in song."

They marched bravely to meet the foe; worthy brave woman's love, a people's reverence, the whole world's admiration.

As we gather at their graves and strew the flowers and garlands of God's own blessed Springtime, may we receive fresh inspiration from the memories of the noble deeds and may our remaining days be devoted to the upbuilding and strengthening of our glorious country.

EMANUEL NOLL,
Commander Gregg Post 95.

ATTENTION, COMRADES!

General Order No. 1.

Saturday, May 30th, being set apart as Memorial Day, in order to fittingly observe the beautiful custom of strewing the graves of our heroic dead with the garlands of Spring, all Comrades are requested to appear and take part in the services of the day.

Post 95 and all Veterans will assemble at Post room at 1 p. m.

Parade will form in public square at 2 p. m., right resting on North High street. Company B will occupy the right of line, followed by Post 95 and Veterans and the Logan Fire Company.

All school children participating will be assigned an honorable position in line.

Parade will move promptly at 2:30 p. m. over the following route: Down High street to Spring, to Bishop, to Allegheny, to Howard and thence to cemetery, where the usual ceremonies will be properly observed. At the close of exercises the column will march back to the Diamond and be dismissed.

Post room will be open continuously from 8 a. m. where proper committees will receive all floral offerings and prepare them for distribution. All who can are respectfully urged to send flowers and garlands for this occasion.

EMANUEL NOLL,
Commander.

THE ALUMNI RECEPTION

Held in the Armory of Company B, Tuesday Night.

IN HONOR OF THE CLASS OF 1903

Bellefonte High School—Proved a Most Enjoyable Social Event— Over Two Hundred Guests in Attendance.

RECEPTION FOLLOWED BY DANCE

One of the prettiest social events that has transpired in Bellefonte for some time was the reception tendered Tuesday evening to the graduating class of the Bellefonte High school by the Alumni Association of that institution. It was held in the Armory of Company B, the interior of which was handsomely decorated for the occasion with flags and bunting. As you entered the room you were charmed with the brilliancy and beauty of the scene. Intermingled with the national colors were the colors of the High school. Placed about the room were potted plants and flowers, and at convenient places were swinging chairs, couches and comfortable seats where those so inclined might find rest. Separating the tables where the refreshments were served from the balance of the room were beautiful screens covered with rhododendron and laurel, a very pretty conceit. We understand the work of decorating the building was in charge of Hardman P. Harris, one of the school directors, and we heard many remarks that they never saw the armory so finely decorated.

The first thing in order after divesting yourself of hat and wraps was to pay your respects to the Graduating class who received all very graciously. Prof. Meyer presented the guests to the graduates. Then followed pleasant social conversation, everyone was made to feel at home. All the time sweet strains of music floated through the air furnished by Smith's orchestra. By the way it is not necessary for our people to send to a distance for an orchestra when we have such musicians in our midst.

The reception lasted from 8 o'clock until 10:30 when the dancing began which was kept until midnight. During the evening choice refreshments were served by Caterer Charles Harrison, whose reputation in this line is unexcelled.

The committee in charge of the event can congratulate themselves on the decided success attained by them Tuesday night. The committee is composed as follows: George R. Meek, chairman John J. Bower, Morton Smith, Mrs. H. E. Jenkins, Miss Mildred Smith. Ex-Officio members of the committee are the treasurer of the Alumni Association, Miss Blanche Underwood and the secretary Orian Kline.

There were about two hundred guests in attendance, quite a number being from a distance. The success attained by this reception assures it as a permanent feature of Commencement week at the High school.

Farmers' Institutes.

The County Board of Farmers' Institute Managers, will meet at the County Commissioners' office at ten o'clock on the second Tuesday of June 9th, to arrange for the place where Institutes are to be held this season. All of our people who desire Institutes, ought to attend this meeting by their representatives and present their claims. This Board is composed of the Local Members of the State Board of Agriculture, and one representative from each County Agricultural Society, the Pomona Grange and County Alliance. If you find that you cannot attend this meeting, address a letter with your request to John A. Woodward, Howard; Chairman of Board of Institute Managers, care of County Commissioners.

Death of Mrs. George Sager.

Mrs. George W. Sager formerly of Bellefonte but who resided until her death at Jeanette, died at that place on Tuesday morning of paralysis. She was 60 years of age. The remains were brought to Bellefonte last Wednesday afternoon and taken to the home of her son Elmer at Nittany Furnace. She leaves her husband and two children Blanche and Elmer to mourn her death. The funeral will occur on this afternoon at 2 o'clock Rev. W. H. Brown of the Evangelical church will officiate. Interment at Sunny Side Cemetery.

THE B. A.'S AT LOCK HAVEN.

Boys from the Hill Put Up Great Game But Are Robbed of Decision.

The Bellefonte Academy nine went to Lock Haven on Saturday and played the game of their lives with the strong Normal team whom they should have defeated by the score of 3—1. For five innings McLafferty shut out the Normals, allowing them but one hit and having a credit of many strike-outs. The Academy boys were playing an errorless game and had by timely batting succeeded in making three runs. The only hope for the Normals lay in the assistance of the umpire, a Normal scrub player. In the sixth inning he began a "freezing" process on McLafferty, forcing him to throw straight balls over the plate, and the result was that the striking out and shutting out record came to a sudden termination and the Normals were presented by the umpire with four runs in the last innings.

This is not the accustomed blaming of the umpire, for no fault was laid on the official of last year's eleven inning game when the Academy lost one run. The Lock Haven spectators themselves pronounced the umpire a "roaster" after the game. While the official score in Saturday's game was 4—3 in favor of Lock Haven the Academy boys claim a virtual victory by a score of 3—1.

We congratulate the home boys on their professional work of Saturday.

The score by innings was:

Normal	0	0	0	0	0	1	0	3	x	—4
Academy	0	0	1	0	2	0	0	0	0	—3

Struck out by McLafferty 14, by McCarty 13.

Bases on balls—McLafferty 1, McCarty 1.

Hits by Academy 7, by Normals 6.

The boys played in the following positions: McCandless, catcher; McLafferty, pitcher; Vandevanter, 1st base; Ferguson, (capt) 2d base; Otto, 3d base; Thomas, short stop; Lauder, left field; Keichline, centre field; McIntosh, right field.

Memorial Services at Milesburg.

On Sunday, May 24th, 1903, Post 261, of Milesburg, accompanied by the Milesburg lodge of Odd Fellows, Knights of the Golden Eagle of Milesburg and the Milesburg Hook and Ladder Company attended the Memorial services in the Baptist church of that place. After the memorial services for four of the devd of the past year, who were members of the Post, a most beautiful and appropriate sermon was delivered by the pastor of the church, from the text Deut. 32:7. The singing by the excellent choir was well rendered and all the selections of hymns and chants well chosen. The church was crowded to the very doors and was prettily trimmed with flags, potted plants and cut flowers.

The rolls on the drum, as required by the ritual after the reading of the name of each of the deceased, was done very nicely by a son of Comrade William Johnston, of Milesburg. The "taps" were sounded by Mr. Frank Wetzler, who was stationed in the vestibule at the entrance. Austin Curtin, Commander of the Post, had charge of the ceremonies in regard to the Memorial. Comrade Haupt acted as adjutant in place of Adjutant Rager who is quite ill at his home.

The dead of the past year were David McClellan of 184th Regt., died June 27th, 1902; Nathaniel Bierly of 148th Regt., who died Dec. 2d, 1902; Jacob Smith, of Clearfield county, Company C, Emergency Battalion, who died Dec. 30th, 1902; George Austin of Company D, 1st Provisional Mounted Infantry, who died January 1st, 1903.

There were other old soldiers who lived in the vicinity who died during the year, but who did not belong to the Post and therefore no memorial service could be held for them by the Post.

The services from beginning to end with the very excellent sermon, were very impressive and were listened to with great interest by all who were present.

State Convention in the Fall.

The annual state convention of the Woman's Christian Temperance Union will be held in Altoona next fall. It will be a large and notable gathering from all parts of the state and arrangements are already being perfected for it. It will be held in the First Lutheran church, beginning Thursday, October 15, and will last five days. About 325 delegates, composed of prominent temperance workers from

BLESSING THE STATIONS.

A Beautiful and Memorable Service Held in St. John's Catholic Church Friday Night.

A service of unusual importance took place in St. John's Catholic church of this city Friday evening, when the fourteen beautiful stations of the cross, presented to the church by Miss Sara Collins, were dedicated and received the blessing of the Vicar General of the Diocese.

These stations are placed along the wall on each side of the church and are certainly works of art and add greatly to the appearance of this handsome edifice, They are pieces of sculpture and represent the journey to, and crucifixion of Jesus, the Christ. They are valued at $500.

In these services Father McArdle, the pastor, was assisted by Rev. Father Boyle, of Johnstown, the Vicar General of this Diocese, and Rev. Father Bowen, pastor of the church at Tyrone.

The services began at 7:30 o'clock and almost every seat was occupied by those who were anxious to witness this important event. Father McArdle, in a few appropriate words, complimented the donor of the stations and pointed out what they represented.

After rosary was said Father Bowen, an eloquent speaker, mounted the altar and made an earnest address, explaining the meaning of the stations of the Cross. He told the story in beautiful language of the crucifixion of our Saviour and stated that the Catholic church early in its history had stations erected along the route over which Jesus had traveled on this memorable occasion. Pilgrims from all over the world visited the scene every year, but still there were many good Catholics who could not make the pilgrimage, so early in the 17th century the Pope issued an edict allowing the Catholic churches all over the world to place these stations within their walls.

After the address by Father Bowen the ceremony of dedicating and blessing the stations and crosses by the Vicar General, Father Boyle, took place. It was a very beautiful and impressive service.

The closing service of the evening was the Benediction, conducted by Father Boyle.

There was special music adapted to the occasion. Solos were rendered by Mrs. Lena Brown and Michael Hazel, which, together with the balance of the musical program, was of extraordinary merit. Miss Mary Brown presided at the organ with grace and skill.

Great Predictions for Oak Grove Town.

The Williamsport Sun, in an article on Oak Grove, predicts a great future for Clinton county's new railroad town. The Sun says here at this beautful spot the great shops and storehouses of the New York Central railroad are being constructed at a total expense of nearly fifteen millions of dollars, and when completed nearly 7,000 skilled mechanics will be employed at the highest wages paid for such labor in this country. The work was commenced more than a year ago, and under the contract will be completed within the next three years. The buildings already completed are as follows:

Machine and erecting shop, a great brick and stone structure 584x138 feet.

Power house, 90x190 feet.

An elegant office building.

A great store house, 75x250 feet, with over 5,000 bins for the storage of materials.

Oil house, 50x80 feet.

A big round house with stalls for 20 locomotives.

A blacksmith shop, 80x200 feet.

A large and commodious trainmaster's office.

And in addition to these are the big coal tipple, scale house, tool house, transfer table, 37 yard tracks, each 4,000 feet long, and 6 main tracks.

The buildings yet to be completed, and under way, are:

An immense tank and boiler shop, 136x564 feet, much of the material for which is on the ground.

A freight car repair shop over 500 feet long.

A wood mill, 100x300 feet.

Pattern and wheel shop, 50x80 feet.

Two more transfer tables, lumber yards and dry kilns, and a freight yard with a capacity for handling 8,000 cars per day.

The immense iron girders for the tank and boiler shops are now being delivered on the ground, and work will be rushed as the materials can be obtained.

The steady and continuous employment of nearly 7,000 skilled mechanics, together with at least 2,000 merchants, physicians and middlemen, means a total male population of not less than 8,000, 90 per cent, of whom will be heads of families. This means a population of at least 30,000 people.

THE REFORMED CHURCH.

West Susquehanna Classis of the Reformed Church.

The West Susquehanna classis met in regular annual session Wednesday evening in the Reformed church at Boalsburg. The President of classis, Rev. H. I. Crow, preached the opening sermon taking as his theme "The Gospel of the Kingdom." Upon re-organization the Rev. K. Otis Spessard of Mifflinburg, was elected president. Classis then adjourned until Thursday morning when Rev. J. M. Bean was elected Corresponding Secretary and Rev. W. A. Haas Treasurer. The morning was taken up with the reading of parochial reports. At the afternoon session a number of items of general interest were referred to special committee. Rev. Frank K. Lauffer was received from the Miami classis of Ohio, who will become pastor of the Aaronsburg charge. Rev. Geo. W. Kerschner's resignation as pastor of the Centre Hall charge was referred to a special committee. Rev. J. Rauch Stein, Missionary from Harrisburg, Pa., addressed the classis in the interest of St. John's mission in that city. Rev. A. C. Whitmer, Supt. of the Home Mission Board appeared in the interest of the Home Board's work. In the evening a service was held in the interest of Sunday School work, the following subjects were discussed, "The best Teaching for the Sunday School" and "The Model Superintendent", Rev. H. I. Crow spoke on the first subject. Dr. D. M. Wolf also discussed the second topic.

SECOND DAYS SESSION.

After devotional services led by Rev. H. H. Spahn the regular work of Classis was resumed Friday morning.

Rev. Ambrose M. Schmidt made an interesting presentation of the claims of Franklin and Marshall College, Lancaster, Pa., and drew special attention to the approaching Golden Jubilee of the College which will be celebrated June 7th to 11th. A committee to raise funds for the Science Building at this college was appointed to collect funds.

Rev. T. J. Hacker of Allentown, Pa., Chairman of the synod's committee on Sunday School, addressed classis in the interest of Synod's Sunday School work. Bohemian and Hungarian missions, which have been receiving special attention for several years in the Reformed church, were commended to the hearty support of the congregations.

Superintendent Whitmer reported that within the first year 21 Church Building Funds of $500.—each had been presented by individuals and congregations to the Board of Home Missions, these are permanent funds and loaned to struggling missions. Rev. Daniel Gress was received from Lancaster Classis; the pastoral relation between Rev. Geo. W. Kerschner and the Centre Hall charge was dissolved, and a committee consisting of Revs. Ambrose M. Schmidt, A. A. Black and Dr. D. M. Wolf was appointed to ordain and install Rev. Mr. Gress as pastor of this charge. The following ministers and elders were elected as delegates to represent classis at eastern synod at Lebanon, Pa., next October. Ministers *primarii*, Revs. A. A. Black, R. L. Gerhart D. D. and K. Otis Spessard, Ph. D. *secundi*, Revs. Frank Wetzel, Aaron Noll and H. H. Spahn. Elders *primarii*, Jared Harper, W. M. Robinson and George Wagner, *secundi*, W. R. From, W. H Tibbins and J. S. Pauling. The next annual sessions of this classis will be held in the First Reformed church at Lewisburg, Pa., on the third Wednesday in May 1904.

At the evening public meeting stirring addresses were delivered by Rev. E. F. Rhodes and Rev. A. R. Bartholomew, D. D., secretary of the Board of Foreign Missions of the Reformed church in the U. S. on the subject of Missions, and by Rev. R. L. Gerhart on the subject of Church Literature.

Indian Babies.

Babies cry very little in India—they obey spiritual law as a flower. The lotos bud, lying on a stone bench in a dirty room, sucks its toe and seems dreaming of the pranks of baby Krishna, and solving problems of the universe. As it grows older it is very timid and shy in the presence of its elders. It feels the religious awe around it and does not break out into boisterous sport when all seems at prayer.

But there is much love in India and these humble households seem very happy. They are all-in-all to each other and seek nothing outside either in society or amusement. Beautiful character comes from obedience to law and not from lawlessness. In India children are the crowning gift of life. It is a horror to be childless.

THE X-RAYS.

Recent experiments, by practical tests and examination with the aid of the X-Rays establish it as a fact that Catarrh of the Stomach is not a disease of itself, but that it results from repeated attacks of indigestion. "How Can I Cure My Indigestion?" Kodol Dyspepsia Cure is curing thousands. It will cure you of indigestion and dyspepsia, and prevent or cure Catarrh of the Stomach. Kodol digests what you eat—makes the stomach sweet. Sold by Parrish's Drug Store.

MEMORIAL DAY.

Pennsylvania G. A. R. Department Commander's Order for Its Observance.

In a little more than a week another Memorial Day will be observed. In that connection we produce below the full text of the recent order issued by the Pennsylvania Department Commander of the Grand Army of the Republic:

One of the cardinal principles of American citizenship is patriotism, which teaches love of flag and the perpetuation of our form of government, and, Comrades, your love for country made our land an idestructible Union and created the Grand Army of the Republic.

The 30th of May, Memorial Day, with its memories of the past, when we shall again live over the recollections which were fraught with so much interest to the civilized world, comes to us this year with the admonition that we are slowly but surely traveling in the direction of that Grand Army which has simply preceded us. During the year just past thirty thousand of our Comrades have gone down into the "sunless valley," and this Memorial Day their graves will be decked with beautiful flowers by loving hands, and watered by the tears of a grateful country.

In words we give our promises, plight our faith, but these same promises may be broken and plighted faith violated, but as we stand by the graves of our Comrades all over this Commonwealth we declare we know of no promise made or no faith plighted by them, but we do know that they offered all they had to give—their lives—and thus placed on the pinnacle of fame American manbood, honor, patriotism and love of country.

Our Comrades sleep in the windowless palaces of the dead in the old home church yard, under the willows, along the banks of the Potomac and Mississippi, and in the swamps and on the hillsides of the sunny south, and the waters of the mighty deep ebb an flow, sounding a perpetual requiem for our Comrades of the navy.

But on Memorial Day a great nation will halt in its onward progress to drop a flower and a tear to the memory of the men who died during the greatest war of modern or ancient history, or have since dropped out by the wayside. We who survive should approach the duties of the day with a reverend spirit, and endeavor by our actions to stamp upon the mind of our fellow citizens, what Memorial Day means to those who followed the flag to victory in that tremendous struggle.

Post Commanders will arrange to have their commands attend Divine service on Sunday, May 24th; this feature of our Memorial services cannot be too highly commended.

Attention is called to the fact that "Memorial Day" is not "Decoration Day;" whenever you hear the latter used call attention to the misnomer, teach your children, and impress all with whom you come in contact, that May 30th is Memorial Day and it is urged that you give the greatest publicity to this fact.

It Applies to Bellefonte To.

Says the Altoona Times: The Tyrone Herald last evening published the following: "Did you today dig up the street anywhere in town to get at a sewer pipe a water pipe or a gas pipe? If you did, did you put the dirt back solid by tramping and watering it? If you didn't you violated an ordinance, and left the street in a hideous and altogether untidy condition; and you needn't own up, because your work shows up for itself." The item was published because the paper is making an effort to have Tyrone made a cleaner, neater town. It applies equally as well to Altoona and should be taken seriously by all who are building. Our city would show better streets if more care was exercised in this regard.

The above item is just as applicable to Bellefonte as to our neighboring cities so we take the liberty of republishing the same. Further comment is unnecessary.

GOOD FOR CHILDREN.

The pleasant to take and harmless One Minute Cough Cure gives immediate relief in all cases of Cough, Croup and LaGrippe because it does not pass immediately into the stomach, but takeeffect right at the seat of the trouble. It draws out the inflammation, heals and soothes and cures permanently by enabling the lungs to contribute pure life-giving and life-staining oxygen to the blood and tissues. Parrish Drug store.

A Bush Meeting.

A bush meeting will be held in the grove at Chestnut Grove school house, Union township, about 1½ miles from Runville, beginning July 14 and closing July 24. Services will begin each evening at 7:45 o'clock. Services on Sabbath, July 19th, all day, All are invited. That much good may be done is the wish of all Christiam people.

G. A. SPARKS, Pastor.

WHAT IS FOLEY'S KIDNEY CURE?

Answer: It is made from a prescription of a leading Chicago physician, and one of the most eminent in the country. The ingredients are the purest that money can buy, and are scientifically combined to get their utmost value.

Funeral of Mrs Margaret Alexander.

The remains of Mrs. Margaret Alexander, widow of the late Senator Cyrus T. Alexander, who died in Richmond, Va., Tuesday evening arrived in Bellefonte Thursday morning and were taken to the Presbyterian church where the funeral services were held the same afternoon at 4 o'clock.

The church was filled with friends of the decease, at the hour named above, who came to pay this last tribute of respect to one who in her time was one of the town's most lovable women. The casket was fairly covered by the many beautiful floral tributes received.

The services were conducted by Dr. William Laurie, pastor of the church, who spoke very touchingly of the many good qualities of the departed one.

The singing for the occasion was furnished by a quartette composed as follows: Misses Louise Harper, Bessie Dorworth, Henriette Butts and Mr. J. Malcolm Laurie.

The casket bearers were Messrs. William P. Humes, D. F. Fortney, Samuel Sheffer, P. Gray Meek, Isaac Underwood and S. A. McQuistion.

Interment was made in the Union cemetery.

Medical Men In Session.

The West Branch Medical association met in annual session at the Park hotel, Williamsport, Tuesday with Dr. H. G. McCormick presiding at the afternoon meeting in the absence of the president, Dr. C. S. Musser of Aaronsburg. The election of officers resulted in the choice of the following: President, Dr. J. W. Albright of Muncy; first vice president, Dr. George F. Harris of Bellefonte; second vice president, Dr. Spencer M. Free of DuBois; secretary, Dr Joseph M. Corson of Chathams Run; treasurer, Dr. W. W. Mull of Williamsport.

The executive committee consists of a representative from each county, as follows:

Clinton, G. D. Green; Centre, R. G. H. Hayes; Clearfield, S. J Miller; Lycoming, C. W. Youngman; Northumberland, Sidney Davis; Union, Charles Thornton; Elk, Dr. Bevier; Cameron, S. S. Smith; McKean, Thomas Kane; Montour, Dr. Meredith; Bradford, Dr. Davidson; Tioga, Dr. Webb.

The other matter of importance decided at the business session was the choice of the next meeting place. The association will meet the third Tuesday in May, 1904, in Bellefonte.

There were about 40 physicians present at the meeting.

A Wedding Announcement.

The many Bellefonte friends of Mr. Frank Frain will learn with pleasure of an approaching event of unusual importance in which he is to figure. Sly Cupid has been working his mystic art and as a result Mr. Frain will soon join the ranks of the Benedicts.

Invitations have been sent out announcing his coming marriage to Miss Mary Humphrey, the daughter of Mr. and Mrs. George Moore Humphrey, of Newberry, Clinton county, which event will take place in the Methodist Episcopal church at Newberry, Thursday evening June 4th at 8 o'clock.

The bride who was a resident of this city at one time has many friends here and is a bright and attractive young lady.

The groom needs no introduction to the people of Bellefonte. He has been a resident of the town for several years and is book-keeper for McCalmont and Company.

A Dozen Don'ts.

Don't count your eggs before the hens begin laying.

Don't buy this week's groceries with next week's wages.

Don't expect the boy to be happy in a cheerless house,

Don't worry about trifles until the big troubles are settled.

Don't be disappointed if your son insists on doing as you do.

Don't let your courtship days end at altar.

Don't fail to religiously keep every promise you make to your children.

Don't begin today without a determination to profit by the mistakes of yesterday,

Don't forget that those who listen while you talk about your neighbors will listen while your neighbors talk about you.

An Old Landmark Razed.

What is believed to be the oldest building in this section of the state, the log house on the farm of John Knepley, near Jersy Shore, was torn down this week to make room for a modern residence. The house was built 140 years ago. The interior was finished with split lath, which were put together with nails hammered by a blacksmith. The bricks in the chimney, it is supposed, were products of England. The house has never undergone repairs and was in a good state of preservation.

A LITTLE EARLY RISER.

now and then, at bedtime will cure constipation, biliousness and liver troubles. DeWitt's Little Early Risers are the famous little pills that cure by arousing the secretions, moving the bowels gently, yet effectually, and giving such tone and strength to the glands of the stomach and liver that the cause of the trouble is removed entirely, and if their use is continued for a few days, there will be no return of the complaint. Another Bellefonte Boy Forging Ahead.

The many friends of George English Furey will be gratified to learn of his good fortune in securing the handsome and responsible position of Assistant Superintendent of the Carbon Black Co. at Granteville W. Va.

This concern is owned and operated by Pittsburg capitalists who possess extensive oil territory in West Virginia, and are erecting an immense plant for the manufacture of Carbon Black which is more commonly known as Lamp Black. The entire product being sold in Germany where American lamp black is in great demand and the highest price can be obtained.

The plant is situated in the wilds of West Virginia, sixteen miles from the railroad but being along the banks of a river transportation is made by boat.

The officers of the concern are H. W. English, President, and Wm. M. Furey Jr. Treasurer. The stockholders comprise many large capitalists of the "Smoky City" who will enlarge the output until it exceeds any similar industry of the kind in our country.

George was in town for a couple of days last week to visit his parents Mr. and Mrs. W. M. Furey. He expresses himself as highly pleased with his position and prospects. We congratulate the young man upon his success, and as he has lots of push, pluck, and energy, will expect to hear great things of him in the future.

"Please Go Way An' Let Me Sleep."

W. W. Swengle formerly of this place and his bride, nee Miss Nellie G. Stiver, of Mill Hall who arrived in Johnstown the past week received a reception that was slightly out of the ordinary says the *Democrat* of that city. Mr. Swengle before his marriage to Miss Stiver boarded at the Clover Club and to that place he took his bride.

"Billy" is a good fellow and to show what they thought of him the other good fellows got together and planned several little surprises. Swengle's room was decorated good and lovely with articles of a promiscuous character. When the happy couple drove to the house they were greeted with a fanfare of trumpets, tinpans, horse fiddles and other instruments not generally found in legitimate orchestras.

The residents on Lincoln street in the neighborhood of the Clover club woke up yesterday morning to find that the club house had been decorated on the outside as well as inside. The front of the structure was almost hidden by mammoth banners bearing the legends, "Please Go 'Way An' Let Me Sleep," and "Is Marriage a Failure? Ask Billy."

Mr. Swengle, however, took the matter philosophically and instead of going "up in the air" he went down in his pocket and bought cigars for the crowd.

An Educated Chicken.

One day last week Mrs. Harry McDowell and Miss Mary Allison drove to Abdera and attended the missionary society of the Freebyterian church and took with them one of Mr. McDowell's educated chickens, unbeknown. When they went to get the tiestrap out of the buggy the hen flew out, the ladies tried to catch it but failed; thinking that the hen wanted to again live in Nittany Valley they tied their horse and went into the house. The hen was traveling over the farm and was forgotten. After the meeting was over the ladies drove home and to their surprise when they arrived in Howard the hen flew out of the buggy and made a straight line for Mr. McDowell's coop. How the chicken knew the right buggy is a mystery as there were several tied close together.—Howard Hustler.

A Unique Newspaper.

A daily newspaper for which the news is supplied entirely by wireless telegraphy has been established on the island of Cataline, a tourists' resort in the Pacific. Catalina is fifty-two miles from Los Angles, and the Times of that place issues the Wireless as an auxiliary publication for reaching Times before their arrival at the mainland.

The Wireless announces editorially that it "salutes the dawn, the people of the continents and our sister islands of the seas as the first-born progeny of the greatest of all the achievements of electrical enterprise—telegraphy without wires in daily letter-press." The paper contains foreign and local news, and an editomized bulletin of current events—all sent from the main land by wireless.

Farming in the South.

The Passenger Department of the Illinois Central Railroad Company is issuing monthly circulars concerning fruit growing, vegetable gardening, stock raising, dairying, etc., in the States of Kentucky, West Tennessee, Mississippi and Louisiana. Every farmer or homeseeker who will forward his name and address to the undersigned will be mailed free, Circulars Nos. 1, 2, 3, 4 and 5, and others as they are published from month to month.

...ED REVISION ADOPTED

Presbyterian General Assembly Acted On It Without Discussion.

Los Angeles, Cal., May 23.—The second day's session of the Presbyterian General Assembly was devoted entirely to receiving reports of special committees appointed by the last general assembly. The report of Stated Clerk Roberts on the vote of the presbyteries on the amendments to the confession of faith was taken up.

Dr. Roberts announced that all the 11 amendments to the confession of faith had been adopted by the presbyteries by an almost unanimous vote. Not a single overture received less than 195 affirmative votes nor more than nine negative votes. Three presbyteries voted against the revision as a whole. These are the presbyteries of Huntingdon, Pa.; Lacrosse, Wis., and Ozark, Mo.

As soon as Dr. Roberts had concluded reading the report Dr. Van Dyke was on his feet and moved its adoption. A second was promptly forthcoming and it was adopted without discussion.

Moderator Coyle then appointed a committee of five to canvass the vote of the presbyteries on this important question and instructed it to report to the general assembly next Thursday morning.

PENNSYLVANIA AT WORLD'S FAIR

Philadelphia Business Men Will Send Suitable Exhibits.

Philadelphia, May 23.—Prominent manufacturers and business men of this city met in conference at the Mayor's office and took action toward sending suitable exhibits from this city to the St. Louis Exposition. Mayor Weaver, on whose suggestion the meeting was held, presided, and was by resolution authorized to appoint a committee to arrange for Philadelphia's business representation at the Exposition. Among those who spoke was James H. Lambert, secretary of the Pennsylvania Commission, who outlined what had been done and what was in contemplation. The Manufacturers' Club, along with other organizations, gave assurances that they would do all they could to have Pennsylvania properly represented at the great fair. The meeting adjourned, awaiting the action of the committee to be appointed by the Mayor.

In Memory of John Wesley.

Philadelphia, May 23.—The celebration of the bi-centennial anniversary of the birth of John Wesley by the Methodist Episcopal churches of this city closed with another large meeting last night in the Academy of Music. The Rev. Dr. T. B. Neely, secretary of the Methodist Episcopal Sunday School Union of New York, presided. The principal speakers of the evening were Senator Chauncey M. Depew and the Rev. Dr. Frank M. Gunsaulus, of Chicago.

Two Killed By Tornado.

Clay Center, Kan., May 23.—A severe tornado passed over Clay and Riley counties. At Bala two little girls named Daub were killed and several persons injured. Five houses were blown away at Bala and many cattle killed. A Union Pacific train narrowly missed the storm, waiting at Wakefield until it had passed. The track was then blocked with trees.

Troops For Marcum Investigation.

Frankfort, Ky., May 23.—Governor Beckham has issued an order designating 30 members of Company C, of Lexington; 30 members of the Shelbyville Company and 40 members of the Louisville batteries, with one Gatling gun, to do duty in Jackson during the grand jury investigation of the Marcum assassination.

Non-Union Miners Strike.

Wilkesbarre, Pa., May 21.—The non-union miners employed by the Sullivan State Line Railroad at Bernice have gone on a strike for better wages. For the past three years the miners employed by this company have been on a strike, but their places were filled and the colliery was operated the same as usual. Board Members Carne and Llewellyn, of the United Mine Workers of America, left for Bernice for the purpose of making an effort to have the union reinstated by the payment of the wages originally demanded.

New Assistant Secretary of Treasury.

Washington, May 25.—The appointment of Charles H. Keep as assistant secretary of the treasury, to succeed Milton E. Ales, who recently resigned to accept the vice presidency of the Riggs National Bank, has been announced at the treasury department. Mr. Keep is a resident of Buffalo, N. Y., and was graduated by Harvard University in the collegiate and law courses. He is 40 years old. Since his graduation from Harvard Mr. Keep has been a practicing lawyer in the city of Buffalo, his specialty being along investment and financial lines.

KILLED IN AUTO RACE

Nine Dead and Three Probably Fatally Injured in France.

TRAVELED 62 MILES AN HOUR

Number of Accidents Did Not Cause Great Surprise Owing to Number of Contestants—Contiuance of Race Forbidden.

Paris, May 255.—The first stage in the Paris-Madrid automobile race, from Versailles to Bordeaux, 343 miles, was finished yesterday afternoon when Louis Renault dashed at a furious pace into Bordeaux, having made a record run of 8 hours and 27 minutes. An hour later M. Gabriel arrived with a still better record of eight hours seven minutes. It is estimated from the times made that these automobiles covered 62 miles an hour on the road outside of cities.

These victories, however, were clouded by a series of accidents. At least two cars were wrecked and Marcel Renault, the winner of the Paris-Vienna race last year; Lorraine Barrows, a very well-known automobilist, and Renault's chauffeur, were seriously, it is belived fatally, injured, while Barrows' chauffeur was killed. It appears that Mr. Barrows had tried to avoid a dog which was crossing the track, and his monster car struck a tree with terrific force. His chauffeur was killed outright. Barrows himself was picked up unconscious, but still breathing, and was taken to a hospital, where his condition was declared to be critical. His car was dashed to pieces. Moreover, a serious accident occurred near Angouleme, in which the two occupants of an automobile were seriously injured and two spectators were killed.

The most terrible accident occurred near Bonneval, 19 miles from Chartres, where machine No. 243, driven by M. Porter, was overturned at a railroad crossing and took fire. The chaffeur was caught underneath the automobile and was burned to death, while two soldiers and a child were killed. A chaffeur was badly injured by an accident to his motor car near Angouleme. A woman crossing the road in the neighborhood of Ablis was run over by one of the competing cars and killed.

This number of accidents has not caused any great surprise in view of the number of contestants in the race and the great speed and power of their machines.

It is estimated that 100,000 persons crowed into the Versailles to witness the start of the race. Soldiers with fixed bayonets lined the track for some distance from Versailles. A bomb was exploded as a signal to get ready, and immediately Charles Jarrott's car drew into place. Another bomb was fired for the start, and then the enormous machine shot forward amid the shouts of the thousands of spectators. The other cars followed in quick succession. Mme. De Gast, the sole female competitor in last year's Paris-Berlin race, was again the only woman to participate in the present contest. Her machine was decked with flowers and her departure was the signal for a great ovation. She made a splendid run, passing five of her competitors before reaching Chartres.

In view of the number of accidents, some fatal, in the first stage of the automobile race from Versailles to Bordeaux, Premier Combes has forbidden the continuance of the contest on French territory. The second stage of the race, which was to have been run tomorrow, included a run over French territory from Bordeaux to the Spanish frontier.

It is reported that the Spanish government has also forbidden the continuance of the race on Spanish territory.

Railroad Shops Burned.

Norfolk, Va., May 23. — The Seaboard Air Line Railway shops, minor offices and warehouse on the outskirts of Portsmouth were practically destroyed by fire. The destruction of nearly every building and car at the yards was about complete. As near as can be estimated at this time the monetary loss will foot up $750,000. James Harrell, a machinist, who tried to save his tools, was so badly burned that he may die. No one else was seriously hurt.

Accused Murderer Dies of Fright.

Chicago, May 23.—I. Simms was arrested, charged with the murder of Joseph Dabney, colored, and died of fright on the way to the county jail hospital. Dabney was found dead May 18 at the foot of the stairs leadings to his rooms. His neck had been broken. After an investigation detectives arrested Simms, charged with killing Dabney. An hour later he was found on the floor of his cell trembling and groaning, and died soon afterwards.

A MYSTERIOUS EXPLOSION

Police Believe Man Was Killed Trying to Steal Patent Leather Formula.

Gloversville, N. Y., May 25.—The police of this city, aided by the authorities of Fulton county, are investigating a mysterious explosion and the sudden death of the son of the proprietor of a large dressing establishment of this city. The explosion, which caused a fierce blaze, took place in an outbuilding in connection with the leather dressing plant of Mills Brothers, containing dangerous explosives used in the preparation of certain kinds of leather.

Persons living nearby heard the explosion and saw a man, whose clothing was on fire, hurry away from the burning building. Later a physician was hastily summoned to the residence of Michael J. Kennedy, senior member of the firm of M. J. Kennedy & Co., leather manufacturers, and later was announced the death of the former's son, John Kennedy. Another son, Daniel, it is said, was with his brother and is reported to have been injured also, but his family deny this and say he is out of the city.

The supposition the police are working on is that John Kennedy entered the outbuilding where the explosion occurred with the intention of ascertaining what formula was used by their competitors in the manufacture of patent leather. While there the explosion occurred and he sustained injuries that caused his death. The body of the dead man was badly burned and mutilated, and the fact that his father's residence was situated only a short distance from the Mills Brothers' establishment, and, further, that the person who was injured in the explosion was easily tracked toward the Kennedy residence, has led the authorities to make a rigid investigation.

Collieries Enforcing Age Limit of Boys

Hazleton, Pa., May 25.—The coal companies of the Lehigh region today commenced the enforcement of the new age limit law regulating the employment of boys in and about the mines. It is estimated that nearly 500 boys were ineligible under the act. Their discharge will in many cases work hardship on families depending almost exclusively on their minors for support.

Slavery Charged In Alabama.

Montgomery, Ala., May 25.—Albert F. Franklin, of Goodwater, Ala., was brought here by a deputy United States marshal under indictment for keeping negroes in servitude. Captain H. G. Dickey, of the federal secret service, caused the indictment of Franklin, charging that he was one of several who brought negroes to Middle Alabama, compelled them to work during the day, and locked them up at night.

Bursting Boiler Kills Six.

Plaquemine, La., May 25.—One of the boilers of Wilson & Cochran's saw mill at Wilcox, near Maringoin Station, exploded yesterday, killing six persons. Nine others are seriously injured, and it is thought that two of them will die. Among the injured are Glover, the sawyer, and J. J. Dolinger, boilermaker, of Plaquemine. No cause is given for the explosion.

Slaughtered By Turks.

London, May 25.—A Sofia correspondent telegraphs that the Macedonian committee reports that the Turks have burned the village of Banitzi, near Seres. Only 48 of the 500 inhabitants escaped, and many women and girls were outraged and murdered and their bodies cast into the water.

Another Fatal Accident.

Bristol, England, May 25.—A serious motorcycle accident occurred here. The motor swerved into a crowd of spectators, two of whom were killed and many others seriously injured.

Valuable Letters in Waste Basket.

Guthrie, Okla., May 25. — Amos Leedy, aged 60 years, postmaster at Leedy, Okla., has pleaded guilty to the charge of detaining valuable letters in land contest cases. The case is peculiar, in that the letters remained in the office uncalled for, and Leedy, ignorant of what course to pursue, threw them into the waste basket. On account of his age he was let off with a fine and given permission to return home alone for the money with which to pay it.

$1,000,000 FIRE IN PHILADELPHIA

Big Warehouse Proved An Easy Prey to the Flames.

Philadelphia, May 25.—A fire that is estimated to have caused a loss of upwards of $1,000,000 occurred in the building of the Front Street Warehousing Company, at 919-21-23-25 North Front street. The building was three stories high on Front street and five in the rear, with two sub-cellars. Merchandise of a general character was stored in the place. The third floor was packed solidly with matting, and besides this there were in the building among other valuable goods 1,500 rolls of carpet, 500 barrels of molasses, light and heavy machinery of various descriptions, a carload of wines and other liquors and a carload of matches.

The fire started in the basement and was not discovered until the center of the first floor was in flames. The character of the goods in the building made it an easy prey to the flames, and the whole structure was soon ablaze. Almost the entire fire department was called out, and surrounding property was saved, the flames being confined to the warehouse. Everything in the building was destroyed by either fire or water.

KILLED BY BURSTING ENGINE

Crown Sheet of Boiler Was Blown Clear Through the Caboose.

Erie, Pa., May 25.—While passing Mays Siding on the hill about seven miles west of Kane, the boiler on one of the locomotives pushing a Philadelphia and Erie freight train exploded, killing John Craine, a brakeman, and injuring four others, three perhaps fatally.

The disaster was an unusual one, inasmuch as the train was running at the time and also because the crown sheet of the exploded boiler was blown clear through the caboose, splitting it in two and completely wrecking it, so that it was set on fire and burned up as the quickest way to clear the tracks. The injured, except the engineer and fireman, were in the caboose.

The injured are Charles Owens, conductor, will die; Henry Gardner, flagman, will die; he was blown through the side of the caboose and found in a field some distance from the wreck; W. J. Swartzfager, engineer, may die; Peter Crossen, fireman, not badly hurt.

MACEDONIANS ANNIHILATED

Band of Nineteen Rebels Surrounded and Killed By Turkish Troops.

Salonica, May 25.—The revolutionary band of 19 men headed by the Macedonian leader Svetkoff, against which the Turkish troops were fighting all day Thursday near the Bulgarian village of Mogil, six miles north of Monastir, was finally surrounded and destroyed. The fight was a prolonged one, and Svetkoff, 12 of his men and six villagers were killed. The Turkish loss was trifling. After the fighting the Bashi-Bazouks pillaged and burned 18 houses in Mogil.

The total amount contributed thus far is raised by the Rockefeller subscription to $210,000.

Thieves Stole 1,800-Pound Safe.

Pittsburg, Pa., May 25.—Thieves entered the Hotel Koethler at Clairton during the early morning and stole an 1,800-pound safe containing $600, carried it 100 yards through the streets to a vacant lot, broke the back off, secured the money and escaped. There were the proprietor, his family and at least 40 guests sleeping in the building.

Thousands Have Kidney Trouble and Don't Know it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What to Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and $1. sizes.

You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail, address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

EDITORIAL.

HANDWRITING ON THE WALL.

When such staunch advocates of organized labor as Clarence Darrow, the eminent Chicago lawyer, burst forth in timely warning to the powers that are controlling the united labor forces of this country, it looks as if there was something radically wrong with trade unions. Can it be possible that Mr. Darrow has seen the follies into which the working classes are drifting and sounds a note of warning? It certainly looks as though the champion of labor has seen the handwriting on the wall. His address on the "Perils of Trades Unionism," before the Henry George Association in the Windy City, is today the talk of the country.

"Labor has caught the fever of trades unionism," Mr. Darrow says, "And without knowing what it means or realizing how it may be of real service to the world, has turned its power and energy in the direction of building up organizations. Unless this force is turned to substantial methods, then all this great movement must be for naught."

The total suspension of business operations in many of the large cities illustrate the true condition of affairs. The work is stopped on these operations not because of the refusal of employers to pay adequate wages, but by reason of the fact that the unions are at loggerheads with each other. The situation is nearing a crisis. Carpenter refuse to work with plasterers, masons with carpenters and laborers with hod-carriers. Thus if one trades union calls its men out, everybody suffers and nobody is benefitted. Of course, if this strike is to go on among the working classes, dire calamities will follow as certain as night follows day. What can be more silly and peril than a labor organization trying to coerce each other and trying to drive men into their ranks by all sorts of threats and banterings? And what could be more childish and nonsensical than unions boycotting people who fail to enter their unions or who do not possess the same convictions as they?

THE PARTY RULES.

The new rules passed by the last Republican Convention fill a long needed want in our party. The Executive Committee, the uniform method of holding delegate elections, the ballot system and the registration of all candidates for County offices are excellent ideas and should be carefully enforced.

The registration of candidates and the rule requiring only one ballot will avoid much friction and greatly simplify the conduct of the primaries. There have been some complaints made since the Convention in reference to the registration fees required, but the equitable adjustment of these amounts is fully within the power of future county conventions.

It might have been better to have published the proposed rules in the County papers prior to their adoption by the Convention in order that the Republican voters should have had opportunity to examine and discuss them; but their use during the coming year should bring out both the good and bad points, so that the latter may be easily eliminated.

It looks as though the section requiring the selection of each district committeeman by the delegates from such district or precinct would tend toward frequent antagonisms between the Chairman and individual members of the County committee and consequently destroy the efficiency of the organization, but we will hope for the best results.

It is perhaps worth while to try the experiment of the secondary instructions, but other counties have found that such instructions are usually the basis upon which to found a political ring. Fortunately, in the Republican party of this county, ring rule has never been attempted. Our party is too big and its political ideals too high to be bound to a "Court House Ring" such as has controled the Democratic party for so many years.

We fully believe that the new rules of the Republican Party of Centre County, if they are properly carried out, will ultimately prove of great benefit to each applicant for political preferment in the future, and we sincerely hope that they will create a larger incentive to future, victories by uniting the Republican voters of the County in harmony for our future battles.

Came Near Drowning.

George Holter and Ward Confer came very near loosing their lives Wednesday of this week. While along the creek they saw a fish in the water and while trying to capture it they both got in the water and would have drowned had not Buddie Schenck been nearby, who being a swimmer jumped in and brought the boys out safe, but not until one of them had sank for the third time. Buddie is only ten years old and the other two are aged about 8 years. The young man deserves much praise for this heroic deed.—Howard Hustler.

—Corporal James Gilbert Taylor, of Company B, will deliver the Memorial address on Decoration Day at the graves of Sergeants Showers, Charles Garis and Private James Stine at Pleasant Gap. James is a splendid orator and no doubt he will endeavor to do his best on this day. He leaves Bellefonte to enter upon his studies at West Point on the 12th of June.

The Catholic School base ball team, named Shamrocks, defeated the Spring Street team Friday. The score was 18 to 11 in favor of the Shamrocks. Our great first-base man, Fred Parks, did good work. He could not have done better. The boys said there were not one fly came out into the field. The Academy boys better look out or they will be getting beat by them the next thing.

—Drink water and get typhoid. Drink milk and get tuberculosis. Drink whiskey and get the jimjams. Eat soup and get Bright's disease. Eat oysters and acquire taxemia. Eat vegetables and weaken the system. Eat desert and take to paresis. Eat rare meat and suffer with rheumatism. Eat oranges and get heart trouble. Smoke cigars and get catarrh. Drink coffee and obtain nervous prostration. Drink wine and get the goot. In order to be entirely healthy one must eat nothing, drink nothing, smoke nothing, and even before breathing one should see that the air is properly sterilized. By and by much learning will be a dangerous thing. We shall know too much for our own good.

—10 Story Book has succeeded in doing something no other magazine has heretofore accomplished. It publishes in the June number an original detective story written by the world renowned detective William A. Pinkerton himself. The feature is distinctive and the story, entitled "$60,000 in Gold, or the Fatal bands," shows Mr. Pinkerton to have the dramatic instinct in a high degree. Naturally familiar with startling situations and thrilling climaxes, apparently it has been no trouble for him to weave a plot of powerful interest. Other extremely clever skits in this issue of this popular magazine are those of Dorothy Dix and Zoe Anderson Norris. The former dishes up a dramatic episode that breathes the atmosphere of Bohemia. "Her Paris Gloves," by Zoe Anderson Norris, so well known in popular literature nowadays, is full of exquisite pathos. Charles Eugene Banks writes a good story of a social problem nature. The masterpiece is Samuel Lover's famous humorous story "The Gridiron. (Daily Story Pub. Co. Chicago.)

Small Pox at Renovo.

Several cases of smallpox have broken out in Renovo and South Renovo. Yesterday a Mr. Haus who lives in South Renovo and works in the shops became sick and upon examination it was learned that his ailment was smallpox and J. W. Russel, a member of the board of health being notified, he had the man removed to the newly prepared emergency hospital at Paddy's Run. Two others members of his household are sick and fears are entertained that they may be similarly effected. J. J. Beise, proprietor of the Revere house is also striken with the same disease, was also removed to the emergency hospital and his hotel closed. These cases are of a mild character and it is not positively known how they contracted the disease, but as the health officer of the borough anticipated that care of some such contagious cases and prepared themselves some time ago for the emeregency, there is no reason for alarm among the citizens of Renovo or any of the nearby towns.

—Don't let the little ones suffer from eczema or other torturing skin disease. No need for it. Doan's Ointment cures. Can't harm the most delicate skin. At any drug store, 50 cents.

THE MEMORIAL SERMON.

Continued from First Page.

clutches of a tyrant.

God would be pleased to have us honor the memory of the woman who "remained by the stuff."

Every nation must sooner or later pay dearly for their sins. It required blood to redeem us from the National Sin of Slavery. Thank God men could be found who willingly paid the price. The spoils won for yourselves is only a decimal of what you won for us. Struggling amid the throes of life and death without sufficient food or shelter from the elements, tired with long marches, numbed by the winter blast, blistered by the burning heat, and yet with an intrepidity going forward until over the hills and vales rang "sweet freedom songs." May I ask what did you win for yourselves. In many cases broken constitution, maimed body and disability, but more, the gratitude of a Nation an immortalized name because immortal deeds were wrought.

War is not always hell, the purpose underlying changes it. It may be heavenly there is nothing uplifting in men pummeling each other in the arena. There is a difference between the bullet of a bandit and a patriot, motives are the differentia between one event and another, There is a vast difference between a holy warfare and a pugilistic fight. The armies of the world marching and counter marching to add territory to an empire is a pathetic spectacle. But no such motive entered into this conflict it was a holy thing to bring salvation to a race. The purpose was truly missionary in spirit. No carnal purpose dominated your hearts as with courage born of enthused patriotism you rush to the deadly breach. This was the way that "God took to break up slavery, the root and source of all our sectional animosities; a terrible but apparently necessary catastrophy since more than a million of brave men perished."

It is a source of satisfaction to note that the spirit of patriotism is entrenched in the fibre of the American youth. The world stood aghast at the fearless, moral daring as exhibited by the quiet peace loving American. It has been the peculiar glory of the American people to find in every exigency the man and men for the place. The same magnanimous spirit permeates the rising manhood of these United States. When the iron heel of tyranny sought to crush the Cubans and the Spaniards added infamy and insult to tyranny when with arrogance and hatred they hurl a blow at "Old Glory" and rent the Maine in twain as the boys of the Maine lay wallowing in blood amid the shattered ship. The moan of the boys in blue was the death knell to Spanish pride. A current of patriotism swept over North and South and like a smelting furnace melted strife and prejudice and cemented us one. The stars and stripes swung to the breeze covering the boys of the sunny South and the boys of the patriotic North.

Heaven heard the agonizing shrieks which ascended from the deck of the Maine, from the homes of murdered soldiers, from the widows and orphans. Ay, heaven heard, and sent a retribution as a signal and as prompt and as awful as the crime was over whelming.

The spectacle was appalling, roaming the seas were the proud self confident Spaniards, but upon the same Seas rode the sons of "Free men" their hearts fired with the spirit of their fathers. In the spirit of the poet they sing.

OUR COUNTRY.

O Beautiful! my Country! ours once more!
Smoothing thy gold of war-dishevelled hair
O'er such sweet brows as never other wore,
And letting thy set lips
Freed from wrath's pale eclipse,
The rosy edges of their smile lay bare.
What words divine of lover or of poet
Could tell our love and make thee know it,
Among the nations bright beyond compare?
What were our lives without thee?
What all our lives to save thee?
We reck not what we gave thee;
We will not dare to doubt thee,
But ask whatever else, and we will dare!

—James Russell Lowell.

The flower of the Spanish Navy were baptized with lead from the "Freemen" hand. The American Army and Navy sustained the heritage of conquerers.

Prior to these conflicts the Kingdoms and Empires of the earth looked with contempt upon our Army. Our Union was called a "rope of sand" our army was styled an insignificant mob, our navy was scorned as a myth and Old Glory was derided as "The emblem of Yankee Conceit."

But the thought is all changed, the rope of sand became adamant mixed with the heroism of patriots, Our mob became the peer of the world, our Navy conquerors of the Sea, and "Old Glory" the pride of the free, man loved and revered by the intelligent masses of all civilized nations.

The Nations for which you suffered to save, is in the hands of patriots. The Nation is safe while God nerves the arms of the soldiers. The last conflict brought out the slumbering qualities of the hero. We all rejoice that from our own beautiful hills and vales there went forth, men who willingly hazard their lives for their country. While it may be true that they were not called into active duty, yet they lived the soldier life, in the fever stricken camp, and some layed down their lives for their country. In does not make any difference where one dies whether amid the roar of battle or in the camp, both are equally patriotic and should be accorded the same honor. The men who went to the rescue of the Cubans went at duty's urgent call and are entitled to be classed as lovers of "Native country." It is appropriate that their graves be strewn with flowers.

One of the perils of our National life is the decay of heroic manhood.

We rest our Memorial Day upon a tripod, Obedience, Magnanimity and Self-sacrifice.

He is a patriot indeed who responds to the ever pressing call of duty, "Their's not to reason why, Their's but to dare and die."

From the strife of 1776 to the present time the nations of the world have been watching the American nation. We might say as Napoleon said "Forty centuries are watching you forward March" Much remains to be done. The nation is increasing, her opportunities are great her perils are besetting. It will require care to guard us from internal strife. Long live America and the spirit of the North. The shadows are darkening your pathway, a few more years and you will be numbered with comrades in the cold tent, whose canvass does not swing outward, your life record will soon be made As the twilight gathers and the night approaches live in the cherished memory of a grateful nation. Deeds great deeds can never die. These deeds will make memory dear to us. We may be late in our appreciation of your self-sacrifice and heroism but the fame won in the conflict as of every other conflict will grow in meaning and greatness and will not pass away until the glorious American Nation gives back to God her trust. No, they shall not perish then, even tho they be buried beneath the debris of the nations' ruin. No, not then shall they perish, even if such gloomy changes are possible, any more than the genius of Cicero has faded among the ruins of the Eternal City, but they shall shine upon the most distant nations during the milleniums to come.

THE FALLEN OF THE FIGHT.

Oh, the story and the glory of the fallen of the fight.
Beneath the drooped flags dreaming in the laurels of the light!
Is there rumor of the strife now?
Do their bright swords leap to life now?
Do they hear the far-rolled thunder of the grim gun in the night?
Oh, the story and the glory of the fallen of the fight!
Does the clamor of the captains reach their ranks all ghostly white?
Nay—they rest with rusting blades,
And the peace of God is on them in the splendor of the light.
In the peace of God they sleep, while the battle-thunders sweep
Over the echoing oceans where deep calleth unto deep;
Where from stormy sea to sea
Waves the starred flag of the free.
And their comrades, armed in Honor, their vigil-fires keep.
Oh, their story and their glory! Let the red strips o'er them wave.
Red as the blood that crimsoned them—the life-blood that they gave.
Blow bugles, east and west.
Over their rose-wreathed rest.
And the love of a common country, like a garland, on their grave!

—Frank L. Stanton.

And now as life terminal is near, set your hearts to seek God, that the dawn of an endless day may open its glorious sky upon your Eternity.

When the roll is called up yonder may we all greet the great and good in the land of peace and happiness, "whose builder and maker is God." God bless you and keep you and us all until the coming of our God and Saviour Jesus Christ. Amen.

Death of Sarah Elder.

Sarah Elder, widow of Frankln Elder, died Monday morning at the home of her son-in-law, John Gates, at Warriors Mark, aged seventy-four years. The interment took place Wednesday at Pine Grove Mills, Rev, C. T. Aikens, of the Lutheran church officiating.

The deceased was married fifty years ago at Meek's church, near Pine Grove Mills, and always lived in that vicinity. She is survived by seven of her ten children, an only one brother, D. H. Young, and sister, Miss Sophia, of Huntingdon. She is remembered as a kind, christian woman.

The Borough Statement.

The auditors' statement for Bellefonte borough for the year ending March 2nd, 1903, has at last come from the hands of the printers. It was issued last week as a supplement to the Centre Democrat. It shows the liabilities of the borough to be $130,205.10. Against this there are assets of only $25,885.85, leaving the borough's indebtedness $104,319.25.

The Poor Department seems to be well conducted by both Overseers Brouse and Diehl, and money is evidently being saved the borough in this department.

Celebrated Their Golden Wedding.

The Hawaiian Gazette published at Honolulu, H. I. of the date April 21, contains an account of the golden wedding anniversary of Rev. and Mrs. E. G. Beckwith. Mrs. Beckwith is a cousin of Dr. R. Armstrong of Lock Haven. Mr. Beckwith is pastor of the Presbyterian church at Hama Kuapoko and among the gift sent him and his wife on the occasion of the golden wedding was a purse containing over $500 in gold.

JUDGE FOR YOURSELF

Which is Better—Try an Experiment or Profit by a Bellefonte Citizen's Experience.

Something new is an experiment;
Must be proved to be as represented;
The statement of a manufacturer is not convincing proof of merit,
But the endorsement of a friend is.
Now supposing you had a bad back,
A lame, weak or aching one,
Would you experiment on it?
You will read of many so-called cures
Endorsed by strangers from far-away places;
It's different when the endorsement comes from home;
Easy to prove local testimony.
Home endorsement is the proof that backs every box of Doan's Kidney Pills.
Read this case:

W. E. Haines, of No. 1 Beaver Row, locomotive engineer, says: "I was suffering from an acute lameness in my back and a dull lingering aching over my kidneys. I felt it in my head also and there were pains over my eyes and in the top and back of my head and in the upper part of my spine. I was afraid I would not be able to attend to my duties, as I was on night work and had to get some rest in the day-time for on account of my back and these pains I could not rest well. I read about Doan's Kidney Pills and obtained them from the Bush Block drug store. They proved to be just the remedy I required for they removed the whole trouble."

At The Circus.

Every seat and all available standing room occupied and many seated on the ground close to the arena, such was the condition of things at both performances at Sparks' circus which showed here at East Side Park yesterday afternoon and evening. The circus was a first-rate exhibition, the performers being stars in their respective lines. Many clever feats were performed by the acrobats, trapeze artists and contortionist, besides the tricks of a well-trained elephant, dogs, lions and horses; and old and young enjoyed a remarkably interesting exhibition. The Sparks' show will always have a warm welcome in this city. The circus is at Canisteo today.—Corning (N. Y.) Daily Journal, July 17, 1902.

The above show will exhibit at Bellefonte, June 3.

STRUCK BY CLOUDBURST

Hundreds Homeless and $300,00c Damage at Enid, Okla.

SERIES OF TORNADOES IN KANSAS

Several Towns Devastated, a Dozen People Killed—Scores of Cattle Lost and Great Damage to Standing Crops—Terrific Storm at Pittsburg.

Enid, Okla., May 25.—Hundreds of persons were rendered homeless and property damaged to the extent of $300,000 was done in the Enid Bottoms alone by a cloudburst that struck west of this city at midnight. The aggregate damage probably will be much higher on account of losses sustained between Enid and the seat of the storm. A bank of water three feet high and 200 feet wide swept down through the bottoms at midnight, carrying houses and everything before it. It came upon Enid without warning while most of its citizens were asleep. Within a few minutes a hundred houses were partly or completely submerged. Rescuers went to work immediately and all night labored to save persons from dangerous positions. Many lost everything they possessed. The means for relieving distress are inadequate. The rainfall the past 10 days has been the heaviest in the history of Oklahoma, and indications are that more will follow. Reports of losses in the country west of Enid are meagre, but it is believed that heavy damage was done.

Oklahoma City was visited by the heaviest rainfall and most severe electrical storm known in the history of the city. Many persons thought that the city would experience a tornado and spent the night in the caves. All yesterday and last night more than half the city has been under water, and in some instances water is three feet deep in the houses. The basements under many of the big wholesale houses are flooded, the water in some cases being 10 feet deep.

It is estimated that the total loss from the flood will reach $100,000. Traffic on the electric railway is suspended on account of the power house being under water. All trains into this city with the exception of the Santa Fe are water-bound, and many washouts are reported west on the Choctaw. The Canadian River at this point is over a quarter of a mile wide, with a four-foot rise in sight. It is reported that several people in the bottom could not escape the flood and were drowned.

Twenty-four Days of Rain.

Guthrie, Okla., May 25.—Early in the day this vicinity was visited by another deluge, making the 24th consecutive day of rain.

WRECKED BY TORNADOES

Half-Dozen Kansas Towns Devastated By Storm.

Topeka, Kan., May 25. — Half a dozen towns were partly or completely wrecked, a dozen people were killed or fatally injured, over 100 were badly hurt, scores of cattle were killed and hundreds of thousands of dollars damage was done. Thousands of acres of standing crops were razed.

The first disaster occurred at Carmen, Okla., a new town on the Kansas City, Mexico and Orient Railroad. It is reported that the town was wiped off the map, that three persons were killed and 45 injured.

Riley and Dickinson counties, Kan., were partly devastated and two deaths and two fatalities occurred in that section. At Pala, on the Rock Island road, there were two fatalities, and among the dozen persons injured there several may die. The storm was accompanied by a heavy rain and hail of unusual size. Many dwellings and outbuildings on the prairies were entirely wrecked.

Ten miles southeast of Dodge City a herder was killed and Mrs. Tibb Shane was fatally injured. Many small buildings were wrecked and scores of cattle were killed.

At Eureka the tornado destroyed a number of residences and injured eight persons. Mrs. J. H. German and Mrs. Frank Sample will die from their injuries. The storm lasted but a few minutes, demolishing the southwestern portion of the town before the people could flee from the houses. It was followed by a flood of rain.

Fatal Storm at Pittsburg.

Pittsburg, Pa., May 25.—A terrific thunder storm, accompanied by a high wind, struck this section and besides killing one man did considerable property damage. Milton W. Robinson drove to Schenley Park with a party of friends. When the storm came up Robinson sought shelter from the drenching rain under a big ash tree and a moment later lightning struck the tree, literally tearing it to pieces and killing Robinson instantly. Robinson's four or five friends, who were within 25 feet of him at the time, escaped without even a shock from the bolt.

At Braddock lightning struck a stret car on the McKeesport branch of the Pittsburg Railway Company and caused a panic among the passengers, many of the men jumping from the car as it sped down the hill. Three of them were pretty badly bruised, and Shristopher O'Toole, who fell on his head, is perhaps fatally hurt.

It is a sign you are growing old when you read the obituary before the marriage notices.—St. Louis Globe-Democrat.

DRYDEN THE HUMORIST.

North American's Star Sporting Writer Has Been Describing Game Since 1889.

Among the special writers who give The North American sporting department its distinction none is better known than Charles Dryden.

Mr. Dryden has been called the George Ade of base-ball. His humor is as fresh and spontaneous as that of the famous author of Fables in Slang. His inimitable reports of base-ball games are entirely characteristic. Nobody writes like him, nobody gets the same infectious twists and turns of merriment, and none of his imitators has succeeded in reproducing the entirely unforced effect. For the last thirteen years Dryden has classed by himself in this particular branch of newspaper writing.

In 1889 he made his first essay as a base ball wit. This was in Chicago. He wrote up a game in imitation of the stilted archaic phrase of Bible language.

It scored an instant hit, and in a short time all the prominent papers of the West were bidding for his services. For seven years he stayed West, changing between San Francisco and Tacoma. In 1896, when W. R. Hearst bought the New York Journal, he secured the service of Dryden. When he had been less than a year in the metropolis he had his memorable quarrel with Andrew Freedman. He was shut out of the New York grounds but kept up a long distance fire of raillery on the eccentric owner of the Giants and kept not only New York but the entire country convulsed by his clever quips.

In 1900 The North American took a notion that it wanted Dryden to round out the strong staff. Hearst was averse to parting with his crack sporting writer, and made him exceptional offers to stay.

But the proprietor of the Journal was outbid, and Dryden came to Philadelphia. He came back in 1901, and is now under contract for the present season of 1903.

Mr. Dryden is a newspaper writer of wide experience. He has had a varied career, having from time to time been a sailor, an iron moulder, fisherman and war correspondent. He represented a San Francisco paper in Samoa when the rival kings were fighting for the throne.

The other branches of sport are looked after by an able corps of specialists. A particular effort is made to get the fullest reports of amateur base ball games.

On opening days and important events staff writers and photographers are sent from the office, and the contests are covered with the same care that is given to reports of major league games.

A Bird's Education.

So far as regards the current discussion as to how animals learn, whether by instinct or instruction, my study of birds leads me to take a medium position; perhaps I would better say to take sides with both parties. Birds acquire knowledge partly by instinct and partly by tutelage, and the same is no doubt true of all other animals. This statement will be borne out by several concrete cases.

Some years ago I made a number of experiments in rearing young birds taken as early as possible from the nest. Among them were meadowlarks, redwinged blackbirds, brown thrashers, bluejays, woodthrushes, catbirds, flickers, redheaded woodpeckers, and several other species. Nearly all of them were secured some time before they were naturally ready to leave their natal places. Without any instruction from parents or older birds they soon left the nests I had improvised for them, hopped about on the cage floor for a while, and presently insisted on clambering upon the perches, to which they clung in the regulation way. Indeed, I noted again and again that the impulse to seek a perch was so strong that the birds seemed to be moved to it by an imperative command. Nor were they long satisfied with a low perch, but instinctively mounted to the highest one they could find.

The same was true in regard to flight. No feathered adult was present to tutor them in the art of using their wings, yet they soon acquired that power of their own accord. It was inborn—the gift of flight. True, they were awkward at first, and gained skill only by degrees, but the original impulse was in their constitution. It is no doubt true that parent birds in the outdoors do teach their young to fly, but if the bantlings were left to themselves, they would acquire that art through their original endowment, although more slowly and with many more hard knocks. —Forest and Stream.

DEMAND DOLLAR WHEAT

Society of Equity Issues Bulletin to United States Farmers.

URGED NOT TO SELL FOR LESS

Bulletin Says, Considering High Values For Other Commodities, Wheat, at This Time and For Next Crop, is Worth $1.00 on Chicago Market.

Indianapolis, May 25.—The American Society of Equity has issued a bulletin to the farmers of the United States demanding an increase in the price of wheat, arguing that the minimum price of wheat should be $1 a bushel and urging the farmers of the United States not to sell for less than one dollar. The society has been organized with this city as national headquarters to maintain higher prices for farm products by co-operation of the farmers of the country, and this is the first formal demand for increase in prices as the result of the combination.

The bulletin sets out the claim that this is an era of unequalled prosperity, demand for commodities is unprecedented, labor is receiving higher wages than ever before, with a low visible supply. The bulletin then says:

"It is evident that the American farmers cannot produce more than about twelve bushels per acre on an average, worth 88 cents per bushel, representing $10.56 per acre, to cover all the work, seed, twine, threshing, marketing, etc., an amount that scarcely equals the simplest machine that the farmer buys, yet which represents only a small fraction of the factory investment, capital and labor employed.

"Who dare say, in the face of these evidences, and considering the present higher range of values for nearly every other commodity produced in the country, that wheat at this time and for the next crop is not equitably worth $1 per bushel on the basis of the Chicago market, and that other farm crops should be on a corresponding basis?

"Farmers, keep this matter in mind; keep dollar wheat $1 at Chicago before you, and you will get it as sure as the sun rises in the east and sets in the west. Above all, however, we implore you, do not be fools. When you can get the equitable price, let it go. Sell on the basis of $1 and no less, but do not hold for more, or you may run up an unwieldy surplus, which must eventually compel lower prices."

Suicide From Brooklyn Bridge.

New York, May 25.—An unknown man sitting in an open car crossing Brooklyn bridge suddenly alighted when the car was in the middle of the centre span and running to the side of the bridge jumped into the river. He threw his hat in the face of a fireman who tried to seize him as he stood poised on the edge of the trestle work, and then dived head first, holding a lighted cigar between his teeth. His body rose to the surface immediately after the plunge and was carried away by the current.

Arsenal Blown Up.

Santo Domingo, May 25.—The arsenal at Santiago was blown up by enemies of the present government, and General Frias was killed and 21 persons mortally wounded. The troops are pursuing General Jose Alvarez, who is said to be the author of the explosion. The gunboat Colon, which was conveying General Deschamps to Sanchez, has been lost off Cape Espada. Deschamps and four others saved themselves in a boat, but the remainder of the crew was lost.

Stabbed Three of His Family.

Marion, Ind., May 25.—L. D. Baldwin, a prominent attorney of this city, fatally stabbed his stepson, Bert Ritter, at their home and severely stabbed his wife and stepdaughter, Mrs. John Budd. Baldwin is president of the Baldwin Oil Company. He and his stepson quarreled, and Ritter was stabbed through the right lung, in the neck and in the back. The two women interfered in the scuffle and were cut. Baldwin gave himself up

BRYAN'S PRESIDENTIAL NOMINEE

Expects Candidate Will be E. M. Shepard or Judge A. B. Parker.

Sioux City, Ia., May 25.—William Jennings Bryan expects to support the next Democratic nominee for president. He expects the nominee will be an eastern man, a New York man and a "Sound Money" man. He expects the nominee will be elected. And he expects the nominee will be either Edward M. Shepard or Judge Alton B. Parker. Mr. Bryan's personal preference is Mr. Shepard, but he has stated definitely that he would support either of these two men.

These statements can be made as a result of a conversation recently had with Mr. Bryan, in which he has frankly discussed his views of the situation and told his reasons for the position he takes.

Mr. Bryan does not expect to be a candidate for the nomination, but he does expect to have a large part in determining who shall be the nominee. He expects to eliminate the men who are not satisfactorily to himself, and that his process of elimination will leave in the field only the two men named. Either of these two, Mr. Bryan is positive, will be satisfactory to the eastern wing of the party; and it is Mr. Bryan's expectation that either of them, once indorsed by himself and his friends, will also be satisfactory to the party in the west.

Mr. Bryan believes the political situation is today highly favorable to the Democracy. He wants Mr. Shepard nominated for mayor of Greater New York the coming fall, because he has no doubt of the election of the Democratic candidate by a very large majority. With a majority of 100,000 for mayor at his back, Mr. Bryan is positive that Mr. Shepard will be invincible for president, so far as concerns getting the electoral vote of the entire state along with New York.

PRESIDENT STARTS EAST

Mr. Roosevelt Spent Sunday Very Quietly at Seattle, Wash.

Seattle, May 25.—Sunday was spent very quietly by President Roosevelt. In view of the fact that the president always observes the Sabbath as he sees fit, the citizens of Seattle gave him full range to follow his own inclinations, and Secretary Loeb said the president appreciated this deference more than any public attention.

During the morning President Roosevelt attended the memorial services of the G. A. R. at the Grand Opera House. Rev. J. M. Wilson preached the sermon, that struck a popular chord, in which the president was highly interested. There was a large gathering at the sirvice, and all paid their respects to the president. In the afternoon the president and some members of his party took a horseback ride out to Fort Lawton, where they spent a short time looking over the grounds. There was nothing official in his visit, and he greeted the soldiers, mingling with them informally for a few minutes.

The party left Seattle over the Northern Pacific on the return to the east early this morning. Stops will be made at various points in Washington during the day.

KING EDWARD IN GOOD HEALTH

Reports of His Illness Circulated In America Officially Denied.

London, May 25. — Lord Knollys, King Edward's private secretary, stated that there is absolutely no foundation for the report published in America that the king is in ill health. From many other sources closely associated with the court it is learned that the king continues in the same good health which has enabled him to recently fulfill more public duties than he had ever before undertaken. He was present at the opera on Saturday night, attended church yesterday morning and received several persons in audience in the afternoon. The king continually suppliments his official routine with theatres and similar entertainments that would scarcely be sought after by any one not feeling in excellent health and spirits.

The rumors that another operation might be necessary and that his majesty was subject to fainting fits., etc., have been circulated for some weeks through entirely unreliable sources.

ATTEMPTED DOUBLE MURDER

Camden Man Shot at Wife and Mayor of Beverly, N. J.

Beverly, N. J., May 25.—A double marder was attempted in this city. Frank W. Robinson, of Camden, came to see his wife, who left him four weeks ago, owing to his alleged brutal treatment. He met Mayor James D. Fish and persuaded him to go to the home of Mrs. Robinson and attempt a reconciliation.

When this failed Robinson rushed past the mayor, grabbed Mrs. Robinson by the throat and choked her severely. The mayor did not interfere until Mrs. Robinson yelled murder and called for help. Then he went to her assistance and was met by Robinson, who flourished a revolver and threatened to shoot any one who interfered.

As the mayor approached a shot whizzed over his head. The two men fought hard for a while, but finally Robinson, who is a heavy man, succeeded in freeing himself from the mayor's grasp. He rushed after Mrs. Robinson, at whom he shot, the bullet grazing her head. She pluckily picked up a large bottle and struck her husband a blow which cut him badly on the forehead.

Robinson then jumped over a fence and escaped, although Marshal Austin and a mob of men and boys gave chase. Mrs. Robinson has been residing here since she left her husband. She has her four children here with her.

Fatally Shot His Brother.

Scranton, Pa., May 25.—Charles and Floyd Greiner, grown-up brothers, living on Pine street, Dunmore, engaged in a quarrel, during which Floyd seized a flobert rifle, placed it at the abdomen of his brother and fired. The ball tore the intestines to such an extent that in the opinion of doctors death will ensue. Floyd was arrested and jailed. He says he did the shooting in self-defense.

IMPORTANCE OF SPEED.

A GREAT FACTOR IN EVERY DAY LIFE.

In these days of rapid progress, one of the most important factors in business and science; in transportation; in sports and in fact almost everything is speed.

Speed is also an important factor in the curative powers of medicine, and it has been proven by an avalanche of testimonials, that the greatest remedy for speed and rapidity in relieving and curing diseases of the kidneys and bladder, blood, liver, rheumatism, dyspepsia and chronic constipation, is DR. DAVID KENNEDY'S FAVORITE REMEDY.

The speed of this wonderful discovery for diseases of the kidneys and bladder, is not so rapid as to injure and interfere with the other healthy organs of the body; but rather of a gradual uniform speed, consistent with the best results.

If your back pains you; if your urine, after you have deposited some in a glass, and let it stand for 24 hours, has a smoky, milky appearance; if you have a frequent desire to urinate during the night and scalding pains accompany its passage, your kidneys and bladder require instant treatment, by taking Dr. David Kennedy's Favorite Remedy.

The startling results of this renowned remedy, in relieving and curing diseases of the kidneys and bladder have amazed the whole medical world.

Druggists sell it in ***New 50 Cent Size*** and the regular $1.00 size bottles.

A STEP FORWARD.

The Bellefonte Academy Steadily Advancing in Usefulness.

Do the people of Bellefonte recognize the fact that there is an institution in our midst that is a benefit to the town not only intellectually but financially? We refer to the Bellefonte Academy which under the managment of the Messrs. Hughes has been steadily growing and developing for years. This is due to the success of its students in business and professional life. Centres of influence are established for the Academy wherever these students have located, and they have become prominent in all walks of life.

Rev. J. P. Hughes during his 34 years of principalship, while forced by number of pupils to keep a small faculty always made it a point to employ the best teachers obtainable, and insisted that every thoroughness should be secured whatever else must be sacrificed. The effect of such work has been a sure and steady growth in the faculty and in the students attending and consequent necessities have arisen from time to time in the line of better facilities for boarding accommodations and school apparatus, and these have been met on every occasion by the trustees and other friends, so that today finds the school well furnished to meet the needs of from 25 to 30 boarding students and a day department of about one hundred students with a strong faculty of teachers who are masters in their respective departments.

The work so well planned and carried out by his father has been successfully supplemented by the present principal, Prof. Jas. R. Hughes, who by his energy and hustle during the summers has succeeded in building up a large boarding department, representing Canada and several sections of the United States, and in attracting a large number of students who daily arrive on the trains from the nearby towns in the county. The large increase in students due to this personal work of Mr. Jas. R. Hughes has required an increase in the teaching force, so that today finds seven leading teachers in the faculty, graduates of Princeton, State, Trinity, Columbia, Wesleyan and French & German Universities. There are also two assistant instructors in primary work making nine teachers in all.

The Academy influence is reaching into every section of the state and drawing students, what a financial blessing to our town to have twenty five boys spending $500 yearly, every cent of which remains in Bellefonte.

The growth of the Academy has so doubled the responsibilities of the principal that he feels the time has come when he must give up most of his teaching and employ another to do his work. He will then superintend the work of the school in all its departments and give his untiring energy to the improvement of the institution in ways, that will make it second to none of the kind in the country. We know that this has been the dream of young Mr. Hughes for many years and we congratulate him that he finds himself able to take this great forward step in the interest of our Academy which he will do the coming year. It will give a tone to the school that will be exceedingly gratifying to all interested. He should have united support from our people. State College and the Academy are working very harmoniously together and this fact alone insures continued growth and prosperity to the school on the hill.

Let us labor to interest men of wealth in the Academy that they may give her the buildings and surroundings she needs and deserves to mark in a worthy manner her entrance into her 100th year of uninterrupted activity in the cause of education. Her centennial year is 1905.

Mr. Hughes has secured in addition to the present excellent corps of instructors Bayard Heston Sharpe, of Pennsylvania State College, who will assist in the mathematical work and direct all the athletics of the Academy next year. It may be information to some to state that Mr. Sharpe is a very clever and versatile man and as an athlete is a leader in all branches of athletics. The future of the Academy is very bright and we congratulate the Messrs Hughes on the success that is crowning their hard efforts of past years.

This Does Not Include Bellefonte Women.

For every woman who dresses to please the men there are ten who dress to excite the envy of other women. Men, as a rule, do not know what a woman wears. They only know whether their appearance pleases them or not. A fluffy white gown is a white gown to them whether the materials be simple or costly. Not so with a woman; she can estimate at a glance the financial value of a costume.

The Salus Bill.

Sat the editor down with shame and fear;
The joy and pride once his heart would cheer,
When he read "the stuff" that his staff sent in,
And greeted each quip with a hearty grin,
Is changed now to gloom, with his censored quill,
He must slash his wits to the Salus bill.

As he brushes the cold sweat from his brow,
He sighs "who will care for the papers now?"
We must print blank nothings to suit the boss
Lest "His Absolute Despot" might get cross,
And whip us in tune, or gagging us still.
Hold up the free press with that Salus bill.

We talk of the Turks, the Russians, Chinese,
Do they live under tyrants such as these?
The grafters, the boodlers, repeaters, all free
To act at their pleasure with you and me,
Well there is a way when the people will!
We may get our fun from that Salus bill?"

A Reunion of Centre Countians in Philadelphia.

The former residents of Centre county who live in and about Philadelphia are planning a reunion in the form of an old fashioned basket picnic which is to be held at Belmont mansion, in Fairmount park, on Saturday, June 6th. The committee already has more than one hundred and fifty names and the list is still growing.

Persons desiring particulars of the arrangements for the day of gathering together of old friends and acquaintances of Centre county who now live in Philadelphia should address either Dr. Roland G. Curtin, 22 South 18th St. Mr. Ira D. Garman, 101 South 11th St. R. M. Magee Esq. 3619 Powelton Ave. or Dr. S. Gray Mattern, 1015 North 44th St.

The Centre countians in Blair county and Pittsburg and Allegheny have already formed reunion associations and find much pleasure in their annual meeting, as will doubtless be the case with this Philadelphia effort.

Sent Sweetheart's Photograph.

A young army officer of a decidedly sentimental turn of mind made a curious mistake a few days ago. Under the army regulations, all officers of the army are required to furnish the adjutant-general with photographs of themselves for filing with their records. The officer in question undertook to comply with this requirement, but he must have been thinking of some one else at the time, for instead of sending his own photograph to the war department he sent that of a beautiful young lady containing only her first name and a brief term of endearment. The officials are in somewhat of a quandary in the matter, as they have no means of identifying either the original of the photograph or the name of the sender. The young man may learn of his mistake when he looks for the photograph of his sweetheart.—Washington Star.

Forest Fires Still Raging.

The Clearfield Spirit says forest fires are growing fiercer and more destructive on the mountains between Clearfield and Bennett's Branch. A fierce wave of flame was approaching the Dixon hunting camp and the Gum Swamp and other camps are in immediate danger.

County Treasurer Goss and Had Walker sent men to fight the fire away from these camps. Billy Hughes, the contractor, who came across the mountain from Caledonia, said cattle, deer, bear and all other wild animals are having a hard fight for life.

Ascension Day Sermon.

St. John's Episcopal church was well filled Thursday evening by members of Constans Commandery Knights Templar No 33 and their friends to listen to an Ascension Day sermon by Rev. George Israel Brown. The Sir Knights were in full regalia and presented a fine appearance. The sermon was in Rev, Brown's usual excellent style, eloquent and well delivered and abounded in beautiful thoughts appropriate to the day and the occasion.

This is an annual event in the history of Constans Commandery and is always looked forward to with great interest.

Grand Lodge in Session at Lebanon. 1,100 Officers and Representatives.

The Grand Lodge, Independent Order of Odd Fellows, was in annual meeting at Lebanon this week, the first session having opened Tuesday, with more than one thousand one hundred officers and representatives present.

Mayor Huss welcomed the visitors, and Gen. J. P. S. Gobin made the response on behalf of the Grand Lodge. The meeting was exclusively for the transaction of business, the customary entertainment features being no part of the Odd Fellows' gathering.

The Daughters of Rebekah, the women's auxiliary, also met in Lebanon. Four hundred officers and representatives were in attendance.

The delegates from the various lodges in Bellefonte and vicinity are as follows:

Bellefonte—Sigmund Joseph.
Centre Hall—W. W. McCormick.
Millheim—F. M. Stephenson.
Rebersburg—Henry Stitzer.
Pine Grove Mills—Wm. H. Goss.
Lemont—G. S. Keller.

Ole Bull's Castle Destroyed by Fire.

The old rock-bound, grim and grey castle which since 1852 has stood guard over Oleona in Potter county, was burned last week in the disastrous fires which swept that region.

Ole Bull, who could conquer a violin but whose effort to found a haven for his people was a dismal, heartbreaking failure, built the castle on a rugged mountain summit. The Wellsboro Advocate says, after years of endless law suits as to its title, the fire fiend has claimed it and all that remains of the stately pile is a few charred walls. Although a sturdy resistance was made all vestige of "Ole Bull's Folly" was removed.

The story of the great Norwegian's effort to make an elysian retreat in Potter county is one of the pitiful stories of the world. In his great musician's heart Ole saw visions of a place where he and his chosen people could rest in a world of peace and music with none of the tyrannical rules of their forsworn home to torment. He bought land and erected his castle from which he was to rule peaceably and by harmony his little ideal world.

In his trusting simplicity he left too much to others and his dream was suddenly shattered by human avarice. Now his castle, which stood like one of his harmonies, grand and sublime, a monument to a simple life, has gone, too.

A Heroic Act.

Will Dormyer, a Pennsylvania Railroad brakeman living at Shafton, is the hero of the Pittsburg division. At the risk of his life he boarded a string of runaway cars going at a terrible rate westbound, where they sooner or later would have collided with an eastbound train that would have doubtless cost lives and many thousands in property loss. The train of eighteen cars was standing on the Radebaugh hill and somehow they started down. The runaway cars passed through Jeanette like a flash and, when they reached Manor railroad men threw a switch so as to change them to track No. 4, giving them a clear track as far as possible. When the train reached Shafton young Dormyer was awaiting it with his mind made up to board it if possible. When the train reached his side it was coming fully at a rate of thirty miles an hour. He ran along for a few feet and finally was enable to grasp an iron foothold. He swung himself off his feet, landed safely on the car, and by heroic efforts brought the train to a standstill in the big cut just east of the station.

Injured in a Runaway.

Between 4 and 5 o'clock Wednesday afternoon Misses May Gimbert and Gertrude Rupert, Jersey Shore young ladies, started from the Crawford house for a drive. Arriving at Oak Grove the horse took fright and bolted. The frightened animal dashed madly away, and both young ladies were thrown out, Miss Gimbert being quite badly injured. She was trampled by the horse and received internal injuries. She was picked up and removed to the Crawford house, where she is reported as improving.

Miss Rupert was badly shaken up and considerably bruised, but her injuries were not serious.

Pennsylvania Reserves to Send Offering for Memorial Day.

Emanuel Noll, commander of Gregg Post, No. 95, G. A. R., is in receipt of the following communication in regard to the beautiful floral offering which the Pennsylvania Reserves send every year to grace the grave of Pennsylvania's War Governor. He has kindly permitted us to give it space in our paper:

PHILADELPHIA, May 17, 1903.

EMANUEL NOLL,
Commander of Post 95, G. A. R.:

Dear Comrade—Our association, the Pennsylvania Reserves of Philadelphia, will forward, as usual, the floral design to be placed on the Old War Governor's grave. It will be sent, as usual, in care of your Post. Will you kindly receive it and have it placed on his grave as in other years. It is Mrs. Curtin's request for your Post to take charge of the same. It will be expressed on the 28th of May.

Give my love to all the Comrades, also to Mrs. Curtin and family.

Respectfully yours in H. C. L.,
OWEN JONES,
1225 N. 10th St., Phila.,
Chairman of Committee.

P. S.—The Andrew G. Curtin Circle, No. 146, Ladies of the G. A. R. of Philadelphia, will send a rose bush to be planted on his grave and will be also accompanied with the design. Hoping I will meet some of your Comrades in Allentown.

From the Bituminous Record.

The Bituminous *Record*, one of the progressive journals of our neighboring town of Philipsburg, has the following kind words to say on the Bellefonte Republican's change of management.

John C. Miller, who for the past year has very ably conducted the Bellefonte Republican, has retired from the editorial chair, and Earle C. Tuten has assumed control as editor and proprietor. The new editor says: "The Bellefonte Republican will always, while under the present management, be found a full-fledged, out-and-out Republican journal, supporting the principles of that party made illustrious by Lincoln, McKinley and Roosevelt—all they stand for, all they represent. It will be our constant aim to promote party success in nation, state and county and we will use our best endeavors to discountenance all party differences and dissensions, for the old adage is only too true, 'In union there is strength.'" We wish the new brother pleasant and prosperous sailing along the line of duty in the journalistic field.—Bituminous Record.

"I wrote to Doctor Pierce, who sent me a very kind letter and advised me."

Thousands of weak and sick women can trace the beginning of a new life of perfect health to that letter written to Dr. Pierce.

Sick and ailing women are invited to consult Dr. Pierce, by letter, *free*. All correspondence held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Favorite Prescription cures weak and aching backs, headaches, nervousness and other womanly ailments by curing the womanly diseases which cause them.

"In the spring of 1900 I became very ill," writes Mrs. Alviena Scholtz, of Lake Washington, Lesueur Co., Minn., "my back was very weak and ached so that I could do no work at all, so I was obliged to take to my bed. I felt a constant desire to urinate and the pains in abdomen were almost unbearable. I wrote to Dr. Pierce, who sent me a very kind letter, and advised me to take his 'Favorite Prescription' and 'Golden Medical Discovery.' I took six bottles of each and am a well woman now. I cannot say enough in favor of Dr. Pierce's medicines."

"Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women.

Dr. Pierce's Pleasant Pellets are the most desirable laxative for delicate women.

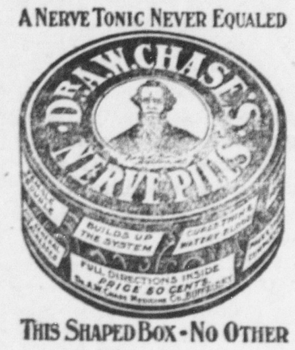
DR. A. W. CHASE NERVE PILLS

Cure by Rebuilding, Reinvigorating and Revitalizing the Nervous System and Furnishing to the Different Organs of the Body the Power to do Their Work Properly and to the Fullest Extent.

A NERVE TONIC NEVER EQUALED



THIS SHAPED BOX - NO OTHER

If the person subject to attack of dizziness, or swimming of the head, commonly called vertigo, would only stop to realize that these symptoms are not a disease in themselves, not temporary ailments, but the plainest sort of warnings from nature of grave troubles of deeper origin of an exhausted nervous system or of an oncoming apoplexy, epilepsy or paralysis, the matter would receive prompt attention. Dr. A. W. Chase knew this and provided the cure in his celebrated Nerve Pills, a medicine that brings back the glow of health and strength by its power to furnish just what the illy fed, half starved nervous system needs, good, rich, wholesome blood and nerve force or energy.

BELLEFONTE, PA.

Solomon Garrett of 301 Allegheny St., Bellefonte, Pa., says: "I had been feeling very much run down and poorly for a long time. My head ached a great deal and I felt tired and sore all over. I was also bothered with sleeplessness at night. I saw Dr. A. W. Chase's Nerve Pills so highly recommended I got a box at Krumrine's Drug Store and they did me a great deal of good. I felt first rate after using them and have no hesitation in recommending them to others.

Mrs. William Spencer, of No. 105 Granger St., Syracuse, N. Y., says:

"I was always nervous, but of late years I could not sleep, was intensely nervous, ringing sounds in the ears and sharp noises in my head at night. My strength was way down—had attacks of vertigo when I was so dizzy I had to catch hold of something until it passed off. This condition certainly needed attention as it was growing steadily worse. Dr. A. W. Chase's Nerve Pills were called to my attention and I got a box. The results were splendid, the nerves became quiet—the noises and ringing in the head, together with the dizzy spells, disappeared completely and I began to sleep well again. The general strength came back and as a result I feel well every way again."

He has purchased a house there and inclosed with the wedding invitations were at home cards for Wednesdays in August.

—A scarcity of water is troubling the operating officials of the Pennsylvania Railroad on the Pittsburg division. It is likely that the water trains to carry the necessary supply from Lilly to Gallitzen will be placed in service. Each year the railroad company is troubled with a scarcity of water for the engines, but the shortage has occured earlier this season than usual, and at a time when traffic is heaviest. The company has a number of tank cars that are used especially to haul water to points on the main line where the shortage is felt. Up to the present time there has been no particular interference to traffic on this account, but the officials mean to put water trains into service to avoid possible trouble.

The prizes were awarded to Miss Harriet Ray and Clair Seibert. Hon. D. F. Fortney made a speech while the judges were deciding to whom the prizes should be awarded, and a few patriotic piece were sung.

—The hum of industry has been heard on every hand for the past two weeks. Not the hum of the mowing machine, but of the sewing machine, as the busy seamstress, converts the flimsy piles of gorgous white material into perfect dreams of dresses to adorn the coming girl graduates. Then there is the alumni dress to be provided, as a separate and distinct feature, and just what planning, plotting and fussing the anxious mothers are doing is fairly distracting. The shop keepers are all busy too, for from the selecting of a handsome pair of slippers up to the dress itself, the utmost care and exactness must be exercised. Dear! dear! we suppose that the most heavenly pair of eyes ever set in a maidens head, glancing coyly up into a bachelors face, wouldn't be anything, to him, compared to the feeling of bliss which will pervade the entire being of the girl graduate when attired in all her finery.
